FOSWIKI / Configure http://vserver50_1604lts/foswiki/bin/view

search | Search | ☐Show expert

options Save

Warning Foswiki is running in 'bootstrap' mode, which means that there is no existing configuration (LocalSite.cfg is missing or is unreadable). Before you save, you **must** make sure you have configured some way to log in as an admin (see 'Security and Authentication'), or you might lock yourself out from this interface.
